Watch as Robert F. Kennedy, Jr., says Fauci knew COVID treatment drug Remdesivir would kill people. Kennedy claims Fauci tried to use it for Ebola to a terrible outcome.

“How does it kill you?” he asked. “Kidney failure, heart failure, and all-organ collapse.”

“All the doctors said. You heard it again and again. ‘We’ve never seen a virus that attacks the kidneys.’ Because it wasn’t the virus; it was the remdesivir.”
